Review Follett Notifications Received on Your Mobile Device (Mobile)

Once you [activate the Follett Notifications app](#), you will begin receiving announcements and alerts on your mobile device. You will only see notifications sent to user groups you are part of and have enabled notifications for.

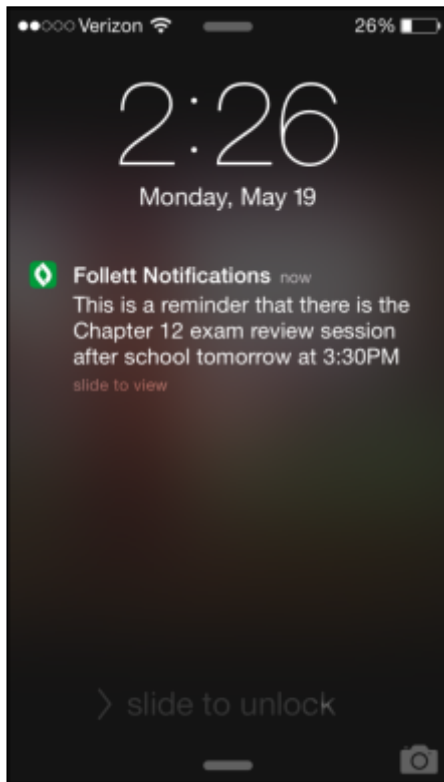

Notes:

- You must be logged on to the Follett Notifications app to receive push notifications.
- You can only receive Follett Notifications on your mobile device; they cannot be received on your desktop.

This is how a notification looks on an Android device:

This is how a notification looks on an iOS (Apple) device:

The Follett Notifications app stores all of the notifications you have received from the groups you belong to.

Once you log on to the app, a list of the previous notifications you received appears, along with an icon indicating the notification type:

Icon	Description
	<p>Alarm notifications remind you about meetings or events. For example, you might receive an alarm notification about the upcoming in-service day.</p>
	<p>Announcement notifications provide exciting news or events. For example, you might receive an announcement notification about the hiring of a new superintendent.</p>
	<p>Information notifications give details about an event. For example, you might receive an information notification that report cards are now available on the Home page of the Family portal.</p>
	<p>Warning notifications alert you to important events in the district. For example, you might receive a warning notification if one of the schools in the district goes into lock-down.</p>

Unread notifications appear in black font. Read notifications appear in gray font.

Tap a notification to see the full message, the user group that it was sent to, and the date and time it was sent.

When reading a notification:

- **For Android users:** Tap  to delete the notification and  to return to the list of notifications.
- **For iOS (Apple) users:** Tap  to delete the notification and  to return to the list of notifications.
